

FAQ:

1. What is Powerbucks™?

Powerbucks™ is North America’s first progressive prize pool jackpot linked through slot games available through multiple gaming channels in Manitoba, BC, Quebec and PEI.

Players in Manitoba can play for the Powerbucks™ jackpot at the following locations:

Venue Name	Location	Game Titles with Powerbucks™
McPhillips Station Casino	Winnipeg	Power Hits™
Club Regent Casino	Winnipeg	Power Hits™
Shark Club Gaming Centre	Winnipeg	Power Hits™
South Beach Casino	Scanterbury	Power Hits™
Asenaskak Casino	Opaskwayak	Power Hits™
PlayNow.com	Online – Anywhere in Manitoba	Power Hits™, Crown of Egypt (Powerbucks™), Arctic Gems

2. How do you play Powerbucks™?

Players can play slot games with the Powerbucks™ jackpot at participating Manitoba Casino and Gaming Centre locations and online at PlayNow.com from their computers and mobile devices.

Players that place bets from \$0.50 to \$2.99 qualify to win smaller prizes and the static \$1 Million jackpot. The minimum bet is \$0.50.

Players that wager a minimum \$3 bet qualify to win the progressive jackpot starting at \$1 Million and up.

As players increase their average bet, they can unlock different bonus games. The odds to win per credit remain the same but each bonus game plays differently, presenting a potential for more ways to win.

3. How do Powerbucks™ bonuses work?

The Powerbucks™ bonuses are randomly triggered and can take place at any point during a person’s play. Once triggered, players can choose from three different bonuses based on their bet level. Larger bets directly impact bonus frequency.

There are three different types of bonus games:

- **Power Picks Bonus** – 10 selections reveal potential lightning bolts, and quite possibly a Turbo Button to propel players to the Powerbucks™ jackpot
- **Reel Select Bonus** – Players pick from 6 reels to spell Powerbucks™ without duplicating too many letters, and earn one of the Powerbucks™ jackpots
- **Stacked Wheels Bonus** – 3 spins on 7 bonus reels accumulate Powerbucks™ symbols. Reels lock to give players spins and credits until all reels have been removed, then the Powerbucks™ wheel spins for a chance to land on a lucky lightning bolt for the top award.

4. What is the prize structure?

Powerbucks™ offers North America's first converged jackpot, with a static \$1 Million jackpot for any player betting \$0.50 to \$2.99, and a progressive jackpot starting at \$1 Million plus for players wagering \$3 or more.

The odds of winning the static jackpot at the lowest bet of \$0.50 are approximately 1 in 150 million. The odds of reaching the progressive jackpot at the minimum \$3 bet level is approximately 1 in 25 million. Similar to playing the lottery, the more a player wagers the more chances they have to win the top prize.

It is important to note how slot machines work. Each play is treated like an independent event with the same odds of winning or losing as every other play on that game. The result of the last play or series of plays has absolutely no bearing on what happens on your next play. You can't predict a win.

6. Where can this game be found?

Slot games with Powerbucks™ jackpots can be played in the following locations:

- In Manitoba: McPhillips Station Casino, Club Regent Casino, and Shark Club Gaming Centre in Winnipeg; South Beach Casino in Scantebury; Aseneskak Casino in Opaskwayak.
- In British Columbia: 33 BC Casinos & Chances locations
- In Quebec: 6 Casino & Gaming Hall locations
- In PEI: 1 Casino location
- Online: on PlayNow.com in Manitoba and British Columbia, and on espacejeux.com in Quebec.

This creates a converged experience, giving players multiple access points to fun and exciting games that can be played online, on mobile or at a gaming facility.

7. How do you collect the prize?

Verified jackpot winners in Manitoba are to collect their cheque at a participating Casino or Gaming Centre, or at a Manitoba Liquor & Lotteries office. If you are a verified winner, a representative will be in contact to arrange a time for prize pick-up.

8. Will other Canadian jurisdictions join in the game?

Manitoba, British Columbia, Quebec and PEI are the first provinces in Canada to offer Powerbucks™. The Powerbucks™ game vendor expects more lottery jurisdictions to join in the future.

9. How often do you expect big jackpots to be won?

On progressive slot machine games, the jackpot grows as more players place bets. As the network of players grows, the frequency of play increases the chances of triggering the static \$1 Million jackpot and the progressive \$1 Million plus jackpot. It is estimated that the \$1 Million static jackpot could be won 1-3 times a year. As more provincial jurisdictions join the game, it is estimated that the progressive jackpot of \$1 Million plus could be won once a year.
